

I'M HERE

The ground broke when you gave yourself away
When you spoke I hung on every word you said
But I choked, then I watched you walk away
Now you want a second chance

BRIDGE

Well it's a cold night and you're sure
That you'll come back and my arms will open wide
Though the thrill is still in my soul
Now it's your turn to beg

CHORUS

I'm here standing outside myself baby
I gave into something that I can't explain
You said all the things we'd share,
But you never gave a single thing

When you spoke you said you would deny me nothing
But you choked and took my favorite stuff away
You know that I could deny you nothing
This game is over and now you want to play

SYMPATHY

I had said that I had given up so long ago,
but you kept me in
This games so sad and I'm not gaining or giving
This is my sin

BRIDGE

I can't be the things you saw in someone else
In your heart I know you've held the bitterness
Your needs are simple
You need someone to blame

CHORUS

And I
You know I can't believe
That it's you
You who needs the sympathy

I had gone And you'd given me your blessing
Though I know I'm wrong
All alone You give me rope enough to hang myself
It won't take long

BRIDGE

In my hands I've held the power for taking things
If I were strong I'd find the power for giving things
Your needs are simple
You need someone to blame

CHORUS(2X)

BRIDGE

Just stop forgiving
Stop picking up the things I've thrown
Won't you start living
(Be)cause all this time you've been alone
This dream is ending and I'm the one to blame

CHORUS (REPEAT OUT)

FREE

Don't you remember when we used to walk
Used to talk
You and me
Was I too blind to see
A good thing

I can remember All the things you said
You filled my head With fantasy
Was it too good to be
I know I, I could try again
Don't let it end baby
'Cause I'm no good on my own yeah
Don't you let me go

CHORUS

I Don't Wanna Be Free (3x)

I don't care if I have to testify
You see right through my lies
Open the window to my soul
You're the rain falling down on me
Baptising me
You are going to make me whole
Don't you let me go (be)cause

CHORUS(3X)

BRIDGE

I'm scared to try yeah
Walking into the darkness
I need somebody to hold my hand
I'm not a child yeah
I'm still a man
Still your man

I don't know
When I'm gonna see you again
Is this the end baby
Of our love
I know you said that
this is how it has to be
But what about me baby
I'm still in love with you
Don't you let me go

CHORUS

I Don't Wanna Be Free (4x)

SOMEDAY

CHORUS

Sure as I'm standing here
I let you walk away
Tonight may not have been the night
But we'll always have someday
I may not say the words
That you want to hear
Tonight may not have been the night
But we'll always have someday

VERSE

Every road I've tried to follow
Has lead me to this place
Every time I see tomorrow
I could only go your way
And you've made me blind with the notion
Of all our hearts could see
My hope is for the future
And where our hearts will be

BRIDGE

take me, don't break me
Don't throw my life away
I want you to change me
I'll be the man you save

CHORUS

VERSE

And you prayed for our reunion
And staid the pain I gave
My hope belied my confusion
And took the shame away

BRIDGE

Sure as I'm standing here
I let you walk away
Tonight may not have been the night
But we'll always have someday
Open your heart and soul
to all I need to say
You'll always be my guiding light
And we'll always have someday

CHORUS OUT

THE REASON

He gave the reasons
To want her heart
But I am the poet
He only plays the part

Instead of the answers
I gave him hope
If she's fallen for him
Its then I'll know

Well I gave her love

CHORUS

The reason she needs him
It's 'cause I made it real
She starves then he feeds her
It's me she really feels

I turn when she turns
She feeds my fear
I run for cover
And she's still here

One day he'll lose her
And I'll start to talk
She'll see these were my words
I'll lose the part

But I'll make her love

CHORUS

The reason she needs him
It's 'cause I made it real
She starves then he feeds her
It's me she really feels

It seems she can't hear me
My words scream so loud
I'd give her my answer
If she'd show me how

I'll make her love
I'll make her love
I'll give you love
I will give you love

CHORUS

The reason you need him
It's 'cause I made it real
You starve then he feeds you
It's me you really feel

Oh why can't you hear me?
My words scream so loud
I'd give you my answer
If you'd show me how

Just show me how

Will you show me how?

DIE AWAY

Call me what you want
You can hold me responsible
Starting from the top
Run down a list of things
You gave me enough
Long time ago to stop you
Now I can watch
I'll stand back and watch you fade

BRIDGE
You work so hard
For something that was always yours to take

CHORUS
I'll see you Die Away
I'll see you fadeout of existence
As you Die Away
The meek will have their day
You ain't even trying
You know the truth is out there
You never wanted it anyway

You dont want to be
A wanna be bourgeois player
So you're copping out
By copping into someone's game
We've been getting lost
In our own complex existence
We struggle without praying
Live in fear of the square peg

BRIDGE
Things will get hard
And leaning on someone should not feel so strange
When will we start
To see how much the damage our words have made

CHORUS
I'll see you Die Away
I'll see you fadeout of existence
As you Die Away
The meek will have their day
You ain't even trying
You know the truth is out there
You never wanted it anyway

Tell me have we learned
Do we hold ourselves accountable?
Does it freak you out?
When we face the soul inside
Can we face defeat?
Can we rise above our weakness?
It can't be too late
We've been given enough time

CHORUS(2x)
I'll see you Die Away
I'll see you fadeout of existence
As you Die Away
The meek will have their day
You ain't even trying
You know the truth is out there
You never wanted it anyway
